4 public service missions defined by Law¹

Scope and number go beyond European peers’

• Universal Postal Service
• Press Transport and delivery
• Regional Planning and Development
• Banking accessibility

Public authorities’ support reaffirmed

• July 2021: French government to grant universal postal service compensation (€500 to €520m) from 2021 exercise, subject to approval by the EC
• July 2021: European Commission validated the banking accessibility compensation from 2021 to 2026
• Feb. 2022: Signature of the new agreement on press distribution and transport

Postal service price increases granted by ARCEP

• Price cap of 5% pa, authorised for the period 2019-2022
• Increase of +4.7% approved in August 2021, effective January 2022

Evolution of the Mail range as at 1st January 2023

• Aims at improving the carbon footprint of the Mail business and perpetuating the Universal Postal Service, while responding to new uses
• Six days a week, mail delivery (three types of letter), press, parcels and delivery of local services

Building the leading French public financial Group through strategic alliance with CDC

Creation of the large public financial unit complete with the full integration of CNP as of 30 June, 2022

1| Art. 2 in Law of 2 July 1990, modified by Law of 9 February 2010
2| As of 06/30/22, including the 16.1% shares in CNPA previously held by BPCE

\(^1\) On 22 July 2021, the French State committed to paying La Poste an annual allocation for the Universal Postal Service of €500 million to €520 million, over the period from 2021 to 2025, depending on the quality of service.
SUMMARY OF LA POSTE GROUP’S H1 RESULTS
Results for the first half of 2022
La Poste Groupe continued with the deployment of its strategy and consolidated its results, which recorded the first effects of an adverse macroeconomic context

Operating revenue

Operating profit/(loss)$1

Operating profit/(loss) excluding provisions for impairment of Mail assets and DPD Russia assets

Net profit Group share

Net profit Group share excluding provisions for impairment of Mail assets and DPD Russia assets and capitalisation of DTAs$2

Free cash flow$3

Net debt$4

Equity Group share

Net debt / Adjusted EBITDA$5

1 Operating profit after share of net profit/(loss) of jointly controlled entities
2 Related to the increase to 100% of the share capital of CNP Assurances by La Banque Postale
3 Free cash flow (excluding banking): cash flows from operating activities - purchases of property, plant and equipment and intangible assets net of disposals - net financial interest paid repayment of lease liabilities
4 Excluding banking activities, for which this concept is not relevant
5 Adjusted EBITDA = revenue excluding LBP - running costs - personnel expenses (excluding end-of-career benefits excluding LBP) + dividends, on a rolling 12-month basis

\[ \text{Net debt / Adjusted EBITDA} = \frac{\text{Net debt}}{\text{Adjusted EBITDA}} \]

- Operating revenue: €17.5 bn, +3.7% and +1.4% at constant scope and exchange rates vs 30/06/2021
- Operating profit/(loss): €0.4 bn vs €1.1 bn at 30/06/2021
- Operating profit/(loss) excluding provisions for impairment of Mail assets and DPD Russia assets: €1.5 bn, €369 m vs 30/06/2021
- Net profit Group share: €0.9 bn vs €0.5 bn at 30/06/2021
- Net profit Group share excluding provisions for impairment of Mail assets and DPD Russia assets and capitalisation of DTAs: €0.8 bn, €295 m vs 30/06/2021
- Free cash flow: €1.1 bn including an exceptional dividend of €1.3 bn paid by LBP vs €55 million at 30/06/2021
- Net debt: €10.3 bn vs €10.2 bn at 31/12/2021
- Equity Group share: €18.6 bn vs €20.9 bn at 31/12/2021, impacted by interest rate effects on LBP and CNPA reserves
- Net debt / Adjusted EBITDA: 2.4 vs 3.6 at 31/12/2021

La Poste Group
La Poste is now a Company with a Mission

A new status created in the French law*
• Accessible to companies willing to combine business development and ESG commitment and impact, based on a voluntary commitment (similar to some extent to the B-corp in the USA)

An engaging status
• Integrating a Purpose and “social and environmental objectives” in the company’s articles of association
• Modifying the company’s governance introducing a mission committee in charge of verifying the achievement of its objectives and the adequacy of the resources
• Mobilising an independent third party auditor to review the implementation of the new status within the Group, KPIs and results

La Poste, early adopter of an emerging model
650 companies with a mission to date (June 2022):
• Most of them are SMEs (91% of the companies with a mission incl. 79% with less than 50 employees)
• Few mid-sized and large companies to date but a growing interest (7.5% in 2020, 11% in 2021)
  • E.g. Danone (food processing), MAIF (mutual insurance), Groupe Rocher (cosmetics), Sycomore (asset management), Camif (e-commerce), Faguo (textiles), etc.

* Act No. 2019-486 of 22 May 2019 on the growth and transformation of companies (aka the PACTE Act)

11 economic activities fall within 5 eligible categories:
- All 11 align with the applicable Technical Screening Criteria (TSC) in the EU Taxonomy
- 7 align with the applicable Do No Significant Harm Criteria (DNSH)

Note: Sustainalytics has assessed each of the Framework’s eligible green use of proceeds criteria against the relevant criteria in the EU Taxonomy and determined their alignment with each of the Taxonomy’s three sets of requirements. The EU Taxonomy has not yet defined TSC for EU Environmental Objectives other than Climate Mitigation and Climate Adaptation. In cases where an activity of the Framework has the intent of advancing a different objective, Sustainalytics has assessed alignment against the DNSH criteria for all six objectives.

Example of eligible assets | Green buildings

Maison de l’Innovation, expected delivery in 2024

- Regrouping 1,000 employees previously in 4 different locations
- Wooden structure (25% less CO2 than concrete)
- Construction using local schools and employing local people
- Passive cooling system
- Green rooftop garden and ecological corridor

Key indicators

- HQE™ Excellent Certificate (in progress)
- Emission of 1 t CO2eq/m² SDP
- 1000 t of bio-sourced material
- 85% of heating consumption ensured by energy recovery

~20 t of construction waste diverted from landfill / recycled
La Poste group is a leader in ecological delivery and a major player in urban logistics

• **The challenges:** reducing the impact of collection and delivery flows, particularly within cities where freight transport is responsible for:
  - 20% of traffic*
  - 25% of the GHG emissions*
  - 30% of the particles linked to the circulation*

• **The levers:**
  - Decarbonization of fleets
  - Massification of flows, mutualisation and optimization of the first/last mile processes and infrastructures (urban logistics micro-hubs in the city, suburban logistics platforms)
  - Partnership agreements with major metropolitan areas for concerted action plans (incl. charging infrastructures, real estate,...)

• **Key figures:**
  - 7,000 light four wheels light duty electric vehicles and 500 cargobikes owned and managed
  - 33 urban logistics city hubs
  - Partnership agreements with 22 major French metropolitan areas (6 signed: Grand Paris, Toulouse Bordeaux, Lyon, Lille, Montpellier, 6 finalised)

Objective to double four wheels light duty electric vehicles and cargobikes in France by 2025, and increase the number of hubs and urban depots

Example of eligible assets | Disabled employees

La Poste group is the first employer of disabled persons in France, well above the requirement set by the “Loi Handicap”

- La Poste fights all forms of discrimination and offers attractive working conditions and career development regardless of the profession
- It has historically developed a dynamic of welcoming and integrating people with disabilities
- The Post carries out permanent actions to improve the quality and living conditions at work
- In each establishment, the multidisciplinary teams (managers, HR, OSH and doctors) adapt the most exposed workstations to prevent accidents and risks related to the health and safety of its employees

**Key figures**
- 14,000 people with disabilities
- Employment of disabled people: 8.66%, vs 6% required by French law
- 105 occupational doctors and 400 prevention and safety/ergonomics experts
La Poste Group is committed to the professional integration of young people

La Poste has been firmly committed for several years to a policy of training and integration of young people:

• Welcoming each year apprentices/alternants and trainees at all levels of diplomas (from youth training to Master degree)
• Deploying its own training and learning network FORMAPOSTE (Centre de Formation et d’Apprentissage) which is based on schools in the territories
• Supporting the policies developed by the Public Authorities (1 jeune / 1 solution)
• Fighting against all forms of discrimination in hiring, it is a historical partner of associations that work to facilitate the integration of young people from disadvantaged backgrounds (Ecole de la 2e Chance, etc.)

• Key figures
  • Approximately 3,900 alternance apprenticeship contracts are active in 2021 within the workforce of La Poste SA
  • Many job offers proposed by La Poste on the labour market each year for alternance training for young people till the age of 30 : first recruiter of alternants in France

Key highlights of H1 2022

Modernisation of historical activities and acceleration of growth drivers

In logistics

• Announcement of €600 million in investments by 2025 to double the number of electric vehicles and remain the leader in green logistics in France

In local logistics

• Under the brand Log’issimo, launch of a new range of customised logistics solutions targeting companies and local authorities

Intercontinental acquisitions

e-commerce

• eShopWorld, a wholly-owned subsidiary of Asendia announced the acquisition of the Scalefast platform, a global e-commerce solutions start-up

Express parcel

• Increase in the share capital of aramex (+3%), and transport logistics company, increasing stake to 28%

Ambitious targets in the fight against climate change

Net zero emissions target in 2040 submitted to SBTi by GeoPost/DPDgroup
Key highlights of H1 2022

Modernisation of historical activities and acceleration of growth drivers

- Finalisation of the increase in the share capital of CNP Assurances by La Banque Postale. LBP holds 100% of the share capital of CNP Assurances following the simplified public tender offer followed by a squeeze-out procedure.

- Finalisation of the sale of the equity holdings in Ostrum and AEW Europe to Natixis Investment Managers and extension of the industrial partnerships in asset management with Groupe BPCE until the end of 2030.

- Rationalisation of the Italian activities of CNP Assurances with the signing of a memorandum of understanding to become a 100% shareholder of CNP Vita Assicura SpA.

- Acceleration of the development of BPE, which becomes Louvre Banque Privée.

Announcement of a exceptional investment of €800 million by 2025:

- Including €500 million:
  - to modernise the omnichannel distribution network with the aim of making it a real lever for development
  - to expand the regional coverage with a target of 40,000 postal service outlets by developing partnerships with retailers and strengthening the network of lockers.

- Including €300 million to accelerate the digital transformation: development of online offers (e.g. launch of the digital stamp) and deployment of new digital services.
Key highlights of H1 2022

Public service missions
offsetting mechanisms, evolution of the Mail range

Signature of an amendment to the 2018-2022 Public Service Agreement between La Poste and the French State formalising

- the offsetting for the Universal Postal Service through an annual budget allocation of between €500 and €520 million over the 2021-2025 period¹
- the memorandum of understanding signed in February 2022 by the French State, ARCEP and the press publishers, relating to the press transport and delivery reform for the next five years: single fee schedule and payment of a State contribution to offset the additional costs of sparsely populated areas¹

Financial offsetting for regional planning mission

- Budget allocation of €37 million for H1 2022 to partially offset the decrease of a tax allowance

Evolution of the Mail range as at 1st January 2023

- It aims at improving the carbon footprint of the Mail business and perpetuating the Universal Postal Service, while responding to new uses
- Six days a week, mail delivery (three types of letter), press, parcels and delivery of local services.

¹ Subject to approval by the European Commission
² The operational implementation of this new system will be effective as soon as the green light is obtained from the European Commission
